## C. W. A. SPENDS \$118,316.21 HERE ON PROJECTS

Closing Report Shows \$91,508.22 to Workmen; 30 Projects Approved

\$13,628.48 FOR DIRECT RELIEF BY F. E. R. A.

A report of the C. W. A. work, which closed here March 31, shows that a total of \$118,316.21 was spent in the county by the work for both materials and workmen. Thirty projects were approved and 27 were worked in the county. The largest share of the work was for the construction of a total of \$10,534.00. The last payroll—after successive cuts totaled \$2,497.21.

Total wages going to workmen was \$91,508.22 from the C. W. A. headquarters and \$3,111.13 for materials. Local contributions on projects, both labor and materials, totaled \$20,436.86.

Direct \$13,628.48

Direct relief totaled \$13,628.48 through the Federal Emergency Relief Administration with \$9,790.73 going for relief needs and \$3,837.75 going for administrative relief. Relief by months are: January, \$3,650.50; February, \$3,209.25; March, \$2,768.73; Administrative expenses by months: January, \$780.30; February, \$1,580.60; March, \$1,468.58.

Money expended for food: January, \$2,968.75; February, \$2,729.57; March, \$2,629.15; totaling \$8,327.47. Medicinal relief: January, \$316.50; February, \$326.85; March, \$164.05, totaling \$817.40. Spent for clothing: January, \$358.50; February, \$128.35; March, \$28.08, totaling \$514.93. Shelter: January, \$518.47; February, \$19.75; March, \$7.75. Fuel: January, coal was given away, February \$41.50; March, \$29.25.

Commodities Distributed

Commodities distributed since January 1 include: 350 tons of coal; 10,000 pounds of salt pork; 1080 dozen eggs; 972 sacks of flour; 739 bottles of cod liver oil; 198 blankets; 4500 pounds of butter; 2336 cans of beef; 11900 pounds of smoked pork; 430 pounds of milk; Wheat: 1380 pounds of lard; 2380 pounds of oranges; 216 gallons syrup.

Get Orders In

Members of the Calloway relief offices urge that persons securing orders get them to the firm they are issued on immediately. In case of sickness or inability to bring them in, send them by someone else as the headquarters must stop all securing of aid for future need. The present relief program is practically assured for the coming year.

All relief registrations were discontinued on the relief rolls as of April 1 and all who must have relief must re-apply with the new setup for relief.

The local committee and workmen are to be complimented on the ease and effectiveness with which they have handled the work in Calloway this year. The relief office force has handled considerable work and credit should go to each worker. Although the personnel has changed from time to time members have remained the most of the year. Oscar Skaggs has handled the direct relief work; W. H. Graham, disbursing officer; Herman Doron, project supervisor; and C. P. Clark, garden supervisor. The clerical staff has changed from time to time.

## Stray, Unlicensed Dogs to Be Killed

All stray and unlicensed dogs found in Murray after Monday will be taken up and killed by order of the city council at its meeting last Friday night. Chief of Police Flen Hays has been ordered to carry out this measure as a protection against further spread of rabies and to rid the city of the general nuisance and menace of stray dogs. In view of the fact of the present prevalence of rabies the dogs of the city may be ordered kept up at all times if the council or health authorities deem it necessary. Compliance with the order to license dogs and the riddance of stray dogs is expected to control the present danger.

## RICHMOND FOR \$12 PER CAPITA

School Head Says Kentucky Faces Crisis in Education

FRANKFORT, Ky., April 5.—The legislative interim committee meeting today to consider means of raising new revenue for the schools, unemployment relief, state debt and budget balancing, had a plea from educational leaders that a minimum common school fund of \$8,500,000 be provided for the next fiscal year. This would require a \$12 per capita tax.

At its meeting last Friday the committee, in recommending appropriations for the next biennium, suggested a school per capita of at least \$9 to provide a fund of \$6,500,000 for state support of the common schools. In public education, the committee announced that it would "leave up to the people" the question of the extent of state school support.

In an address at Lexington last night Dr. James H. Richmond, state superintendent of public instruction, said "those interested in public education have reached the conclusion that a per capita of not less than \$12 should be made available for the coming year."

Dr. Richmond said the special session of the legislature which is expected to be convened about the middle of this month is "faced with a crisis in education." He declared "the hopes and destinies of 730,000 school children, the future prosperity and happiness of the people, and the self-respect of this commonwealth imperatively demand the adequate support for our schools be provided."

Democrats Will Mark Jefferson's Birthday

The Democratic committee of Calloway county, with several leading Democrats, will have a dinner at the National Hotel Saturday evening at 7:30 o'clock in commemoration of Jefferson's birthday. A program has been arranged.

The principal address will be made by Representative Waylon Rayburn. Joe T. Lovett will preside as toastmaster.

Houston Dinning Goes to Reidland

Houston Dinning, coach of the Concord Redbirds for the past four years, has been named to go to Reidland High School. Dinning taught at Reidland for two years before going to Concord as a vocational agriculture teacher and coach.

Coach Dinning has received much recognition in this region as net coach and took his Reidland five to the State tournament. Since coming to Concord he has taken the Redbirds to the District Regional twice and to the District finals three times. The work of Coach Dinning will be missed by the Redbirds and in county coaching circles.

## Why not a Local Softball League?

In many of our neighboring towns—notably Paducah and Fulton—men a little past the age for such sports as tennis and baseball but who still love competitive outdoor exercises, are deriving great sport and exercise from "kitten ball." Kitten ball is simply indoors baseball played out of doors. It is referred to by many names but the game is simply baseball played with a soft ball on a small diamond. The pitcher's delivery is restricted to under-handed.

While this game is chiefly beneficial to the participants it is a great attraction to spectators. In Paducah last summer, simply tremendous crowds attended the soft ball league games held at the Municipal Park. Literally thousands got interested in the game and the throngs at the contests looked like the world series in progress.

There are numbers of men in Murray who should be interested in softball play. Several have already suggested it to us. It is a wonderful game, replete with thrills and exercise and entails little expense.

What say, men? Shall we have a softball league in Murray?

Joe English was chosen band instructor. Miss Mary Lee was chosen substitute teacher and C. C. Lee, janitor.

The Douglas school faculty was selected with Charles Rowlett, principal; Leon Miller, Oury Ingram, Green and Ozzie Perry.

Guerin Child Is Injured In Fall

June Guerin, four-year-old daughter of Mr. and Mrs. O. B. Guerin, was painfully injured Monday afternoon about 3 o'clock when the porch railing at the home of her grandparents, Mr. and Mrs. Frank Boatwright, broke and threw the child on her head on the porch. The child remained unconscious until about midnight Monday but is reported recovering from the shock.

White Succeeds Neely in Hazel Postoffice

HAZEL, Ky. (Special)—A telegram from Washington last Friday announced the appointment of Darwin N. White to the postmastership in Hazel. Mr. White is well known in business and political circles in this section of the state. He is a competent business man, and will no doubt give satisfaction in the conduct of the office. He has been connected with his father, W. F. White, in the grocery and hardware business in Hazel since childhood, and the firm has been highly successful. At present he is head of White & Son Hardware and Grocery store, vice-president of the Dees Bank of Hazel, and chairman of board of trustees for city of Hazel.

H. L. Neely, the outgoing postmaster, has served in that capacity for more than 12 years, and has rendered efficient and courteous service, and retires from the service with good will and friendship of every patron of the office. Prior to assuming the duties of postmaster, Mr. Neely served this community as railroad agent, banker and clay miner. He has long been a leader in business, civic and religious affairs of his town, and has a host of friends who wish him well in any line of business he may enter.

County Grocers Meet Tuesday

The retail grocers of Calloway county will meet Tuesday night at the City Hall. The meeting has been called for 7 o'clock and for the purpose of studying code regulations stated Robert Swann, chairman of the Murray organization.

The Murray grocers met Tuesday night of this week at the City Hall for the same purpose. A notice, printed in this issue of the Ledger & Times, to grocery patrons asks their aid in complying with code regulations of closing hours and fair competition.

## SALES, INCOMES TAX PLANNED BY COMMITTEE

One Cent of 3-Cent Sales Levy Would Go to Counties

INCOME TAX RATE NOT YET DECIDED

FRANKFORT, Ky., April 6.—The special legislative interim committee created to work out a fiscal program for Kentucky will recommend enactment of a general sales tax and an income tax to balance the state's budget, it was learned authoritatively tonight.

The committee, which discussed various forms of revenue at meetings yesterday and today, will make a complete report Sunday. The report will outline numerous methods by which revenue might be raised but will recommend the sales tax and the income tax as the most equitable method.

The sales tax to be recommended by the eighteen Senators and Representatives who comprise the committee will provide for a three per cent levy on all retail sales, although a number of the committee members, it was learned, favor a two per cent levy instead. The extra one per cent was added to provide money to enable the various counties to pay their bonded indebtedness. Only two per cent of the tax will be recommended for state purposes.

Provisions of the income tax to be recommended have not been agreed upon. The committee will meet again next Thursday to work out bills covering both levies.

In its report, the committee will outline in detail the revenue that may be obtained from "luxury" taxes on cigars, cigarettes and forms of tobacco, and by increasing from five to fifteen cents the tax on whiskey. The report will explain, it was learned, that these taxes will not provide the money needed to carry on operations of the state.

LTVA WANTS TVA TO BUILD AURORA

Passes Resolution Tuesday Favoring Government Over Private Interests.

MAYFIELD, Ky., April 10.—The Lower Tennessee Valley Association favors construction of a power dam at Aurora under supervision of the Tennessee Valley Authority rather than private interests, the organization resolved today.

The Board of Directors in a weekly meeting today at the Hall Hotel drafted a resolution pledging assistance of its 5,000 members to the T. V. A. In getting the power dam built, the directors announced that since the Federal Power Commission in Washington is to conduct a hearing of private interests on proposed construction of Aurora Dam April 18, they will urge the Authority to know the Lower Valley organization favors Federal construction of Aurora Dam, which is a part of the Tennessee Valley Development project.

Dr. A. E. Morgan, chairman of the T. V. A., a Congressman W. V. Gregory, Kentucky, Gordon Browning, Tennessee, and Senator A. W. Barkley, Kentucky, were notified of the association's action.

## MANY OBSERVE CLEAN-UP WEEK

Clean-up week was very satisfactory in many instances as property owners throughout Murray cleaned up their premises and placed trash at the curbs for city removal. Dr. J. A. Outland, county health officer, commended the work being done and stated that the showing was highly impressive.

Residents are urged to continue the work throughout the week or necessary time to clean up premises and make Murray more sanitary and more beautiful as well. A drive about the city shows that many have taken the clean-up seriously and those who have not done their bit are urged to do so.

Painting, papering and housecleaning by Murray property owners is being done extensively.

## NATIONAL HOTEL CHANGE IS MADE

Mr. and Mrs. Bob Sample, of Bonne Terre, Mo., Have Charge; Experienced Managers.

Mr. and Mrs. Bob Sample, of Bonne Terre, Mo., have taken over management of the Murray National Hotel. Mr. Sample has an optional lease on the hotel. They took charge Tuesday morning, April 3.

Mr. and Mrs. Sample operated the Bonne Hotel in Bonne Terre, Mo., for two and a half years before coming here. They have had considerable experience being in the business most of their lives. Mrs. E. A. Sample, mother of Mr. Sample, has been in the hotel business for years and is now managing a hotel at Farmington, Mo. They were at one time located at Paducah.

Mr. and Mrs. Sample have made many acquaintances since their coming here and invite the acquaintance of the people in their newly chosen home. They urge that the public make use of their hotel facilities, drop in to see them occasionally, and to feel perfectly at home at the Murray National.

Mr. Sample states that particular attention will be given entertainment, parties and social with the aim of Mrs. Sample who has considerable entertaining and experience in the preparation and serving of fine foods.

Darwin H. White Is Postmaster at Hazel

WASHINGTON, April 6.—The postoffice department today announced the appointment of Darwin H. White as acting postmaster at Hazel, Ky.

Mr. White has long been one of the most active, loyal and influential Democrats of Calloway as well as an outstanding of business man of Hazel. He is associated with his father in the hardware business under the firm name of W. F. White and Son. Mr. White succeeds H. L. Neely, Republican, who has been postmaster for a good many years.

## 82 STUDENTS ARE ADDED TO COLLEGE ROLL

Registration of 958 Is 61 More Than Same Period Year Ago

SUMMER TERM WILL RUN 6-DAY CLASSES

The second nine weeks of the spring semester at Murray State College opened with an increase in enrollment of 82 college students, making the total enrollment 958 as compared with 876 for the first nine weeks of the present session. Including the Training School, there are over 1200 students on the Murray College campus at the present time.

There is an increase of 61 students over the total enrollment in the college proper a year ago. The total enrollment of college students, excluding the Training School, a year ago was 897 as compared with the 958 now in attendance.

Some of the 82 students who entered for the last half are those whose schools are completed and they have come back to work toward their degrees. A few have entered for the first time.

College officials have completed a full schedule for the summer term which will open June 11. A new plan has been inaugurated for the summer term whereby students will be required to attend only 10 weeks for the same amount of credit they usually receive in 12 weeks. School will be in session on Saturdays this year under the six-days-a-week plan. The summer session terminates on August 18.

## New Regent

B. L. TREVATHAN

A short sketch of Mr. Trevathan, a new member of the Board of Regents, appeared in this paper last week. We are glad to present his likeness.

Mr. Trevathan was born in Calloway county and is more or less related to all the Trevathans, one of the most prominent families of this county. Mr. Trevathan's rise in the business world is nothing short of phenomenal as he is only 40 years of age. He began his business career as assistant cashier of the Hardin Bank and was shortly offered a better position in the Bank of Dawson Springs.

Mr. Trevathan came to Benton as cashier of the Bank of Marshall County in 1920, when he was 26 years old. The resources of the bank have more than tripled under his management. During the depression, Mr. Trevathan brought his bank through with flying colors.

Education has always been very close to Mr. Trevathan's heart and he has been active in educational affairs all his life. He married Miss Vallery Combs, daughter of Mr. and Mrs. George A. Combs, of Hardin, now of Benton, and they have two daughters, Margaret and May.

Cases continued were: Jesse McCage, Bob McCage, malicious striking; Galen Bray, liquor in possession; Albert Duncan, Lewellyn Duncan, disturbing public worship; J. T. Bynum, removing parts of a motor vehicle; Walter Anglen, drawing deadly weapon; Lucian Alexander, Leo Alexander, Geo. W. Dunn, Milburn Evans, carnal knowledge of a female under age of consent; Cass Maddox, selling liquor; Aubrey Seay, grand larceny.

The grand jury is expected to return verdicts Thursday. The grand jury is composed of L. F. Hughes, Roy Brandon, John M. Emerson, S. P. Killebrew, R. D. Lian, Duncan Ellis, L. H. Gustin, L. H. Edmonds, Sam Stevenson, Charles H. Moore, Delbert Hale, and Ben Cochran. Judge Smith gave his usual instructions for criminal investigations with an explanation of the fact that there was a state of general confusion relative to liquor enforcement and urged the jurors that there were no legal permits for manufacturing or selling liquor in Calloway county.

Calloway To Be Active at K. E. A.

Dr. and Mrs. J. W. Carr will head a large group from the college who will attend the K. E. A. in Louisville next week. A girls' quartet directed by Miss Gwendolyn Haynes will sing at one of the sessions.

Supt. M. O. Wrather, a member of the Vocational State Board of Education, will carry with him to Louisville a number of Calloway's well-trained teachers.

Dr. V. M. Dunn, a native of this county, will preside at all the sessions as president of the Kentucky Educational Association. He is now superintendent of Fayette county schools.

Marshall Citizens Endorse Sales Tax

BENTON, Ky., April 6.—By a vote of 200 to 6, citizens, taxpayers and teachers of Marshall County voted yesterday in favor of a general sales tax.

Ray Smith, State Senator; Alton "Chick" Love, Marshall County Representative, and Wayton Rayburn, Calloway County Representative, addressed the meeting on revenue measures to be proposed at special session.

# Brother of Mrs. B. E. Langston Found Dead

Isaac Hale, 44 years old, of Paducah, Ky.

**MURRAY MERCANTILE COMPANY**

son of Capt. S. K. Hale, well known retired river captain of Paducah, and a brother to Mrs. Bryan E. Langston, of Murray, was found dead in the rear of his home, 705 Kentucky Avenue, Paducah, Thursday evening of last week.

Mr. Hale was found lying with a bullet wound through the temple.

Coroner W. J. Bass and members of the family are not satisfied that he took his own life and were attempting to trace identity of a Negro man who had just left the house after depositing some wood in another outbuilding.

A sister, Mrs. Philander Arnold, was attracted to the stable by moaning sounds as she was entering the back yard after returning from the city market. She peered into the stable and saw her brother lying in a pool of blood. Shocked from the sight she ran into the home and called Dr. J. B. Acres. The physician arrived in a few minutes and moved the body into the house. Life passed in a short time as the bullet had drilled through the temples and the ball could not be located this afternoon after an investigation by the coroner.

Mrs. E. Hespen, another sister, explained that she and others in the family could not account for any reason he might have had to shoot himself. The Hale family did not possess a revolver, she said. "He was perfectly contented here and very seldom went out," Mrs. Hespen added.

Mr. Hale has been living at the home for the past 10 years after returning from Florida where he operated an orange grove.

**Facts in Production Credit Assn. Loans**  
H. O. Shemwell, secretary-treasurer of the Jackson Purchase Production Credit Association.

has received notice from the Farm Credit Administration reducing the interest rate on loans from the association from 6 to 5 1/2 per cent, according to a statement given to the Ledger & Times.

"The 5 1/2 per cent rate will be applicable until further notice," Mr. Shemwell said, "and no interest will be collected until the loans are due. Where money is advanced to the borrower on a budget basis the interest will be charged on each advance so that farmers won't have to begin paying interest until they start using the money."

"No charge will be made to farmers for filing their application," said Mr. Shemwell, continuing, "and the charge for inspecting the applicant's security ordinarily may not exceed 1% of the amount of the loan. Usually no charge will be made for inspection if the loan is not granted."

Mr. Shemwell said that loans may be made for the general purposes of agricultural production, including the production of crops, livestock, dairy, poultry or horticultural products. The money may be used to hire labor or to purchase such items as seed, plants, feed, fertilizers, livestock, spray material, baskets, barrels or other equipment, or to repay indebtedness incurred for such purposes.

Ordinarily the loans will mature in 3 to 12 months, in keeping with the production season and marketing time of the crops or livestock financed. Loans such as those on dairy or breeding cattle may be in certain cases be extended, but not beyond 3 years.

why you should use **HEATH & MILLIGAN BEST PREPARED PAINTS**

1. It will wear longer.
2. It has greater covering capacity.
3. It will leave a better surface for re-painting.
4. Its colors are absolutely uniform.
5. It is made in a great variety of beautiful colors.
6. It saves money because it saves labor in applying.
7. Houses in all parts of this country painted with BEST PREPARED PAINT five, ten, and even twenty years ago, stand today as monuments to the wearing and preserving qualities of this product.
8. BEST PREPARED PAINT is made from the very highest grade of paint materials. A standard is required by Heath & Milligan laboratory and they never vary from this in the slightest degree.
9. BEST PREPARED PAINT will give results, and this is what paint users want.

for signing corn-hog contracts to be announced the latter part of this month.

Our county committee wants to get this job done promptly, therefore we are asking every man who wants to join this program to sign up during next week.

You may sign a corn-hog contract at the Courthouse any day during next week.

The following general rules will help you to decide whether or not to join:

1. Farmers who have raised an average of 20 or more hogs for market during the last two years CANNOT AFFORD TO STAY OUT.

2. Farmers with 20 or more acres of corn but no hogs can afford to sign.

3. Farmers with less than 20 acres of corn, or less than 20 hogs for market may, or may not be benefited by signing. Each farm in this class is a case unto itself and can only be decided after considering all factors.

### Salem News

Well springs is here at last. Planting gardens and breaking ground is the order of the day. A few farmers have planted some corn.

The measles are still raging. Don't think there will be many to escape it this time.

Robert Earl Waldrop came in from the C. C. Camp last week. Clyde Manning and Roscoe Wil-

son left last week for Detroit. Mr. and Mrs. Raymond Sanders are the proud parents of a baby girl born April 6.

**Society**

The women of the Coldwater M. E. Church quilted a quilt at Mrs. Vera Turner's for their pastor.

## Stella Gossip

Mr. and Mrs. Connie Milla and R. Franklin and Mr. and Mrs. J. F. Cochran and Miss Katie Morgan landed in Mayfield Saturday morning at 9:30. In the American Legion house was a fine "talkie show", only 10 cents for admission. She paid "my way". First show I had seen in ten years.

Luther Pogue will preach at Coldwater Church of Christ Sunday at 7:30 p. m. Come early!!

Harold Ezell, East of Murray, and Jim Hughes, below the Iron bridge, had a car wreck near D. Radford's Saturday night on a bridge. All such things are NOT news any more; met too quick!!

Apple crop got badly damaged during the 31 days of March winter weather.

Miss Cathleen Pendergrass, who is a clerk in a department store in Mayfield, came in home with whooping cough.

Bevoe Bridges conveyed by mother Miss Stone to her home at Desleron, Sunday She had been visiting her Grandpa Smith and friends in Coldwater.

Little Black, near Iron Ridge, was 81 Sunday. I ask society page to print the report.

Walter Pierre planted corn April 5. So did L. One inch deep for early planting is the way.

Sidney Smith, Dick Crouch and others are cleaning off on right-of-way for Stella-Kirksey highway. The big, powerful grader commenced on the Jim Cochran land at Gupion's Store. How in the world can the old folks tell, 'taint going to rain no mo'!

A hit and run tin-lizzie killed a 7-pound Barred Rock hen for old Miss "Eagle". Why on earth don't a fellow tell it. Would not have cost him a cent. Then, too, we could have made use of the chicken. Please, Mr. Man, report such accidents hereafter.

If you and another guy get in to an argument about cutting the acreage on tobacco, just come to old "Eagle". John Bongurant, our efficient county agent, gave me the "law" in dialog form, so that any "phool" can comprehend the plan. Hope you heard me!

Now "Buz Bee" will lead that old familiar hymn, "Beautiful lady with the blue dress on". "Lazy Ned" will sing the baritone and "Eagle" will bring up the bass, and "Mudapitter" may "pick" the mandolin. "Eagle" will "pick" the mandolin. "Eagle" will "pick" the mandolin.

## NOTICE TO THE PUBLIC

We, the Retail Grocery Merchants of Murray, Ky., want to refresh our customers' minds in regard to our opening and closing hours and also to the delivery hours.

We want to do our part in helping our government in re-adjustment, as the NRA asks us to co-operate with them, and we agreed to do so; and in doing so the government asks for fair competition, and we want to ask our patrons to co-operate with us; and to do this we can't work our help over-time.

So in calling in your orders, please call at least 30 minutes before 12 o'clock in the morning, and say 30 minutes before 6 in the afternoon so our delivery boys can get back by 6 o'clock.

The stores will open at 7 o'clock and close at 6 o'clock in the afternoon. Our delivery starts at 8 o'clock and runs until 12 o'clock noon, and starts at 2 o'clock in the afternoon and continues until 6 o'clock.

Please don't ask us to open after we are closed or before opening, as that would be imposing on our competitors as it would be embarrassing to us to refuse you, and also embarrassing on you also—so let's live up to the ruling.

We want to thank all of our patrons for their co-operation in this re-adjustment plan.

## Sales Tax a Certainty

Possibly as early as the first of next week, now certainly not later than the first of May, the special session of the Kentucky General Assembly will be called to pass the sales tax. It is well known to those "in the know" that the special session has been held off until the administration has enough votes secured in both the senate and the house to insure the enactment of the gross sales tax.

The best that can now be hoped is that collection and administration of the tax will be as little and free from graft as possible.

There are some phases of the sales tax that are exceedingly fair and there are many other phases that are quite unfair. Unquestionably a good many persons now paying no taxes whatever will be required to contribute something toward the cost of their state government. A sales tax being a direct tax, is one that cannot be evaded.

One of the greatest shortcomings about most methods of taxation is that they may be easily evaded. Years ago, some was added a third to the statement that all people were divided into two classes, "taxpayers and tax-avoiders." The third class was "tax-dodgers."

The sales tax, when it comes, will be here to stay. Taxes are put on but they are never taken off. Like the poor, they are with us always.

It will be foolish to expect the merchants of Kentucky to absorb the sales tax. They cannot do so, and any consumer who expects them to do so is unfair. Merchants have gone through a period that has "busted" practically all of them and those who are still hanging on are doing so

by their toes on the skin of their teeth. Nobody but the consumer ultimately pays all taxes and we are all consumers. The lawmakers will do well if they will draft the sales tax law so that the merchants can pass the tax on to the consumer with a minimum of inconvenience and misunderstanding.

Whether we like it or not the sales tax will soon be here and fighting it now is as futile as Don Quixote charging the wind-mills. The best the legislators opposing it can do now is to make the law carry the provisions generally as suggested above.

JUST JOTS  
By Joe

What this country needs is not only a new deal and new dealers but a new deck of cards.

Many a man who is satisfied with himself is awfully disappointing to other people.

A rather persistent suspicion is aborning in me that the Washington brain-trust is the brain-trust.

A baby fell out of a second-story window and was unhurt. But Uncle Sam fell for four years and apparently is on his way up without any apparent damage.

A telegram announcing a legacy would be the best cure for socialism or communism.

It is difficult to believe that the citizens and parents of Murray are going to twirl their fingers idly while mad-dogs bite child after child in this com-

munity. The love of a man for his dog is a beautiful thing but when it transcends his love for his own child or other innocent children then it's time to take some drastic action. This mad-dog business in Murray MUST STOP.

Many a politician who hears the "call to serve" is merely listening to the echo of his own voice.

W. S. Swann, who took on another job when named on the board of regents of Murray State College last week, certainly deserves the title of "busiest man in town". President of a bank, mayor, director in a number of local corporations, and regent, Mr. Swann is almost as occupied as the Missouri merchant of whom the following story is told:

The merchant became involved in a dispute with a St. Louis wholesale house from which he had purchased a bill of goods and returned as not up to promise. After considerable correspondence the wholesale house decided to bring suit against the gentleman and its credit department, in making arrangements for the action, wrote a number of letters. It wrote the station agent in the city to inquire if the shipment arrived satisfactorily.

It wrote the president of the bank to ask if the merchant were financially responsible. It wrote the mayor and asked him to recommend a lawyer if it were necessary to bring suit. In a few days the house received the following letter:

"Gentlemen: As station agent here I can tell you that the shipment of goods in question arrived alright; as president of the local bank I assure you that I am financially responsible for any reasonable amount. As mayor I hesitate to recommend a lawyer as I am the only member of the bar here and if I wasn't pastor of the Methodist church I'd tell you to go to h—."

Credit to whom credit is due. The Ledger & Times is pleased to carry the acknowledgment of the city board of education that the lion's share of the credit for the phenomenal improvement in the school's financial situation is due to the liberal and unselfish co-operation of the faculty in accepting deep salary cuts without a murmur or a single degree of lessened efficiency, enthusiasm or loyalty.

The mighty Lords of Griffenhagen are still reporting on the

"quality of education" in Kentucky's educational institutions. It is indeed strange that we have never before heard of the amazing sagacity and brilliance of the "educational expert" on the Griffenhagen board of strategy. It is incomprehensible to us how such great universities as Cambridge, Oxford, the Sorbonne of Paris et cetera have let such great brains languish in an organization like Griffenhagen.

The Courier-Journal and some others raised Billy Cain when Miss Frances Perkins, at her own expense, came down to Kentucky to tell us how to vote on the Child Labor Amendment but they cheerfully threw \$50,000 in the lap of Griffenhagen to come down here and tell us a pack of whole-cloth lies about conditions in Kentucky and how to "run the state".

I know of no one I'd rather be like, John.  
Our good friend Joe Lovett, editor of the Murray Ledger & Times, had on his "frightin' clothes" last week and was telling 'em all where to "head in or get off." Joe is growing more like his dad every day a finer gentleman than whom cannot be found in all of West Kentucky. —Radio Record.

We wonder if some of the Kentucky weeklies who are so sympathetic toward the Courier-Journal are "singing for their supper" the annual luncheon given the Kentucky Press Association.

A few years ago an editor who had whooped it up for "Clean Up" week laid down on the job himself and was fined in city court for failing to clean up a vacant lot of his—which was breeding mosquitoes and falling to haul off trash from his residence. I am glad we haven't seen any of such a lack of consistency. Our windows now admit light again after the removal of winter's camouflage of coal dust around the city. Otis Valentine gave the big Goss press a thorough spring-cleaning Tuesday morning and it now gleams and glistens like a new one despite the fact that it was born about 22 years ago. This press is called the Comet after Halley's Comet which made its appearance about the time the press was invented, in 1910.

Such is fame. Lieut. Mangle of the Navy is known to more people than the chief of the Bureau of Navigation or the commander of the Atlantic fleet.

If it had to be I would think of no one better qualified for the position but I wonder if it will soon be that I generally thought throughout the country that Ken Johnson, of the Democratic state committee, is the editor of the country newspapers of the state.

A fellow-down at Murray is trying to grow a no-nicotine tobacco. Now if anyone will devise a plan to keep the smoke out of one's eyes and keep the pipe from going out, the situation will be much improved. There are those caustic friends who insist the fellow's pipe should go out—but the window. —Editor Ken Johnson in Richmond Register.

In view of the Courier-Journal's guarantee of anonymity to letter writers who want to cuss out somebodies, cover "we suggest it change the name of the "Point of View" to "The Trenches."

## HOW IT IS PROPOSED TO SPEND THE TAX DOLLAR

(From Democratic Press Bureau)

The interim committee of the state legislature, given the task of analyzing needs of the state and making recommendations to the special session, has made a report. There was set forth various expenditures which the committee regards as necessary. A study of that report will leave the average unprejudiced person with the impression that a fair summary of the state's mainline needs has been presented.

There is included the extraordinary expense of \$3,000,000 with which to match federal relief funds in order to maintain sufficient relief services to avert hunger and misery of the jobless needy. If that sum be provided there will be available \$9,000,000 more in federal money with which to supplement state funds, to meet this vital need.

It is the conclusion of the interim committee that there is needed for all purposes \$21,339,438.71. Of that sum only \$1,381,438.71 is required for salaries of elected state officials and employees, maintenance of public buildings, public printing and clerical help.

It is apparent that salaries of state officials, routine operation of administrative offices, require less than 4 per cent of the total. There are those who urge that the state's budget be balanced by cutting salaries and routine expense. Should this expenditure be eliminated entirely, should the state capital be closed, the savings would be less than 6 per cent of the state's total requirements.

The Lexington Herald presents the matter in a clarified form as it breaks down the tax dollar the interim committee proposes to spend, showing that portion of the dollar claimed for each state function.

The legislative committee that is undertaking to develop a tax program for Kentucky has made a statement of how the money needed is to be spent. Some of the figures made public are illuminating.

Every dollar that the legislature is proposing to raise will be spent in a division that will approximate the following:  
Common schools, 32 cents; education other than common schools, 9 cents; relief, 14 cents; back to counties for maintaining courts, sheriff's offices, etc., 16 cents; board of health, about 3 cents; state maintained homes, pensions, etc., about 2 cents; charitable and penal institutions, 7 cents; fee-supported agencies to which fees collected must go, 3 cents; for purchase of Mammoth Cave, 1 cent; for paying

interest and reducing amount of outstanding warrants, thus bringing them to par and beginning the reduction of the state debt, 7 cents.

This leaves 6 cents that will go for the upkeep of all offices in Frankfort of what is generally called "the state government". The expenses of this part of the state government have been cut 40 per cent in the past two years or approximately \$4,000,000.

The most of the money needed is not for the government at Frankfort; but is for relief, the schools, the courts and to pay off the debts contracted by bad methods that the present administration now is trying to correct.

## Too Much Toll

Commenting on the high rate of bridge tolls in Western Kentucky, the Louisville Times says editorially:

"It's 261 miles from Louisville to Paducah. The toll bridge cost of driving to Paducah is \$1.65, because at each of three minor river bridges the driver must pay fifty-five cents.

The bridge at Dade Park, a little east of Henderson, crosses, in addition to the Ohio, a wide expanse of flowage area. The structure cost, The Times believes, about \$2,000,000.

The toll is thirty cents.

Many Western Kentucky drivers cross the Ohio at Dade Park and come to Louisville through Indiana, saving gasoline because of fewer curves and hills. They must cross the Ohio twice, at a cost of sixty-five cents, but they don't have to cross Green River, between Henderson and Owensboro.

It costs only ten cents more to cross the Ohio twice than to cross the Green river once.

High bridge tolls on the Kentucky side of the Ohio don't encourage traffic in Kentucky.

As road systems in Illinois and Indiana increasingly invite traffic Kentucky may suffer a good deal of loss of revenue in the region traversed by Highway Sixty, because of high tolls.

Comparatively few Owensboro motorists patronize the bridge over Green river at Spottsville. If going to Evansville, Terre Haute, St. Louis or Chicago, they cross the Ohio river by one of the ferries in the vicinity of Owensboro, where existence is made possible by the high rate of toll at Spottsville. If going direct to Henderson, many motorists prefer the Green river ferries to paying the 55 cents bridge toll at Spottsville.

The bonds that were issued for the construction of the bridge

in Western Kentucky could be retired much sooner, apparently, were lower tolls charged. The greater volume of traffic would more than make up for the decreased rates, Kentucky is losing thousands of dollars in gasoline taxes and bridge tolls as a result of the driving of motorists to the Indiana side of the Ohio river.—Owensboro Messenger and Inquirer.

## "I WENT 51% FURTHER ON GULF-LUBE"

Says Mrs. Lee Ketner, Winston-Salem, N. C., Who Made The "Two Trip" Test

"I DROVE FROM WINSTON-SALEM TO WASHINGTON USING MY REGULAR 25C MOTOR OIL—AND HAD TO ADD A QUART AT RICHMOND."

"TWO WEEKS LATER I REPEATED THE TRIP AGAIN. THIS TIME I USED GULF-LUBE—AND DIDN'T NEED A QUART UNTIL I GOT TO WASHINGTON."

Drive a Chrysler? Read Mrs. Ketner's story...

"I made your 'two-trip' test," says Mrs. Lee Ketner, 705 Melrose St., Winston-Salem, N. C., "and to say I was surprised would be putting it mildly."

"Gulf-lube outlasted my regular 25c motor oil by 115 miles—it went 51% further before a quart was consumed!"

Thanks, Mrs. Ketner. You're one of thousands of motorists who have cut their oil costs with Gulf-lube—the oil that was tested by the American Automobile Association in 6 average cars—and outlasted every oil in every car!

Start saving! Switch to Gulf-lube now. You'll buy less oil between fillings. You'll get better, smoother lubrication. At 25c a quart Gulf-lube is America's biggest motor oil value. At all Gulf stations.

Other features of the dairy adjustment program include the distribution of surplus milk to under-fed children, the transfer of cows from surplus producing areas to needy families, and the elimination of diseased cows from herds.

The purpose of the program is to balance production with consumption and increase and stabilize prices to farmers.

**CAMP MURRAY CHATTERS**  
By Milo Watson

Spring brings birds, bees, sweet fragrance of flowers, and new ambition to Camp Murray.

Spring has not brought the feeling of laziness, that we call spring fever, to Camp Murray, but it has brought new energy and ambition to each member of the camp.

The members are striving to attain greater honors to the Camp by beautifying the Camp and Camp ground; also keeping up the wonderful sanitary system organized by the commanding officer.

The members take great pride in caring for the Camp and are delighted to show the visitor the beauty and gayness that they enjoy each day and appreciate any interest that a civilian might take in the camp.

Everyone is taking great interest in the baseball team. The team is eager to start the season with the assured feeling of conquering their rivals.

On account of business needed immediate attention the Methodist church was unable to sponsor the social hour at the Camp Thursday evening.

The boys, however, realizing how important it is to not let business go undone, were disappointed and are looking forward to the next social hour that is to be sponsored by the M. E. church.

Rev. O. A. Marra, pastor of the Methodist church, delivered the message Sunday afternoon. Approximately 40 people were out to hear the pastor's wonderful message and welcome him any time he wishes to come out.

In fact, we welcome any visitor to our beautiful camp.

Plans are being made for a faculty play to be given before commencement. Two senior plays and an opera will be given Commencement week.

Sophomores Entertain Freshmen Several weeks ago, the Home Economic Classes conducted a seed selling contest between the Freshmen and Sophomore groups. The Freshmen won and last Tuesday afternoon the Sophomores entertained them with a picnic. Sandwiches, deviled eggs, cake and toasted marshmallows were served. Peppy games and contests were played and all the girls had a very good time.

A new unit of study, that of Home Improvement, is being taken up by both classes of the Home Economic department.

**Insurance Feature In Corn Hog Program**

The corn-hog program is, to a certain extent, a crop insurance program, according to County Agent John H. Bondurant. Each Gallows county farmer who signs a corn-hog contract is assured of receiving a definite income from the land he takes out of production, in addition to a guaranteed hog reduction payment at the rate of \$5.00 per head on 75 per cent of the adjusted basic average of hogs produced for market in 1932 and 1933 from the contract signer's litter.

The farmer receives his hog reduction payments, regardless of whether he saves the allotted number of pigs from his litters in 1934 and regardless of how many dies from diseases. Bondurant said. "Obviously, this is a kind of crop insurance."

Likewise, the farmer who signs up for corn reduction gets 39 cents per bushel of the estimated yield of corn for each acre he contracts to the Government; this estimate is based on past yields and he is sure of this payment whether the 1934 crop on the rest of his land is a failure or not, and regardless of the average yield for 1934. Moreover, the Government does not harvest a crop from the land. The farmer not only receives his reduction payment for the land, but he is allowed to grow soil-building or erosion-preventing crops not for harvest.

Thus, in addition to providing partial guarantee of incomes, the contract program permits the contract signer to build up or maintain soil fertility on the land under contract.

under the direction of Mr. Lassiter will present a program in a few weeks consisting of one and two-act plays and musical selections.

The high school boys have been laboring for the past few days to beautify the campus. A number of trees have been set out and flowers and shrubbery will be planted. Each student has taken part in the work. The girls have donated bulbs and seed and the boys are doing the work.

The agriculture boys are also constructing an animal cage in the agriculture department, where snakes, rodents, and other small animals that may be caught will be kept for experiments.

A number of seniors attended the Quarterly Methodist Conference of the Almo Circuit held at Temple Hill Saturday, Rev. O. C. Wraether, who is scheduled to preach the baccalaureate sermon had charge of the morning service. An excellent address was reported by all who were present.

Winter is over, spring is here and the farmers are beginning their crops for the year. Although the measles are getting in a big way, health in this community is very good at the present.

Miss Mildred Swann has the

measles but is getting along nicely.

A wedding, of much interest, was that of Miss Alice Mayfield, daughter of Mrs. Jack Mayfield, to Mr. Barber Singleton, son of John Singleton, last Wednesday afternoon at the home of Bro. L. H. Pogue. They will make their home with the groom's parents.

Miss Inez Rogers was the guest of Annabell Rogers last week end. They attended the play, "Ten Nights in a Bar Room", at Coldwater.

Clyde Manning and Otto Chester are looking out for the future by attending the quilting at the neighbors' homes. I think "Curlyhead" will give a quilting party soon.

Mr. Chester Marine left Saturday morning for Detroit in search of work.

There was a musical at Boyd Carter's Wednesday night. It was well attended by the neighbors.

Barnet Lawrence and Hardin Chester are early birds they have corn planted.

J. V. Rogers has been very busy surveying part of North Swann precinct on the tobacco reduction.

Miss Opha Rogers has been in Memphis for the past five weeks and will probably stay another month. The B. Y. P. U. meets at Salem every Sunday afternoon. It extends a cordial invitation to every one to come out and join the group.

Miss Ruth Pogue attended the play at Antioch Saturday night.

In case of asphyxiation apply artificial respiration until the person is dead. "Curlyhead."

## New Type Dress to Appear Next Week

Next week The Ledger & Times will be presented in a new type dress which we are quite sure will be extremely pleasing to our readers. Though slightly smaller in size than the body type now in use, the new face is much easier read and, most important, will be much less straining on the eyes. There will be more space between the lines, which will contribute to the ease and freedom from strain in reading.

At the same time, the new type face will enable us to get more news in the same space. This new type is the very latest design brought out by the Linotype people for ease in reading and elimination of eye strain. It is used by a majority of the leading newspapers of the nation.
